Journal**Office of Legislative Counsel****Thursday - 26 December 1957**

Mr. Anderson of Senator Henry C. Dworshak's office (R., Idaho) called to ask that a set of our application forms for employment be forwarded to [redacted] who is the son of one of the Senator's constituents.

[redacted] of Security called to indicate that a recently separated employee, [redacted] had been in touch with Congressman Sid Simpson (R., Ill.) to air some of his grievances. Security will interview [redacted] further and will advise us as appropriate.

Mr. Dechert, General Counsel, DOD, called to request that the transcript of the CIA testimony before the Johnson Subcommittee be made available for Secretary Quarles and himself. It was explained that we have returned the corrected transcript to the Subcommittee but as a service to them are maintaining physical custody of it on an "on call basis." Mr. Dechert was informed that we would try to fulfill his request by contacting the Subcommittee staff and Mr. Dechert understands that it will be made available to him on the basis of a courier bringing it over and waiting for it as was previously explained to him.
